

# NOW FOREVER

You may feel lost  
and that's ok  
no answer is certain  
Nothing is safe.

Just look around  
And look within  
This is your life  
Take it all in.

## Chorus

It's now forever  
Forever now  
Who knows after all  
What life is about?

It's now forever  
Forever now  
Create your song  
And sing it out.

It may be hard  
With all that noise  
Let down your guard  
You'll find your voice.

It may be weak  
It may be strong  
It will be yours  
No right, no wrong.

## Chorus

It's now forever  
Forever now  
Who knows after all  
What life is about?

It's now forever  
Forever now  
Create your song  
And sing it out.
